

DIARRHEA PLAN OF ACTION FORM

We want to ensure that your dog's health and comfort are our top priorities during their stay with us. Diarrhea can occur in dogs while boarding, and while it's usually not a cause for concern, we have protocols in place to address it effectively.

If your dog shows any of the following symptoms:

- Black, tarry stool, or stool with copious amounts of fresh blood (bright red)
- Loss of appetite
- Marked lethargy
- Frequent vomiting
- Signs of abdominal pain, avoidance response when the belly is touched
- Bloating, groaning, or panting rapidly

We will promptly contact you to discuss the situation and come up with a plan to resolve the problem.

For cases where the dog has none of the above symptoms but experiences loose stools, we have a plan of action and associated costs:

1. If the stool was close to liquid:
 - We will have the dog fast for 12-24 hours, followed by pumpkin and rice meals until their stool improves.
 - The cost for each pumpkin and rice meal is \$3.
 - After two meals of pumpkin and rice, if the diarrhea persists, we will contact you to discuss further steps.
2. If the stool was softer but not full liquid diarrhea:
 - The dog will receive pumpkin and rice meals for two meals.
 - After two meals of pumpkin and rice, if the diarrhea continues, we will contact you to discuss further steps.

If after three days of pumpkin and rice with no improvement, we will need to transition the dog back to a balanced diet and discuss potential veterinary care options.

We use these methods as recommended by veterinarians nationwide to ensure the best care for your dog. If your dog has a history of diarrhea or stomach problems, please inform us beforehand.

To avoid charges for pumpkin and rice meals, you are welcome to bring canned pumpkin and precooked rice for your dog's stay.

Additionally, please note there will be a daily accident clean-up fee of \$10/day for excessive clean-up in their suite, and bathing charges will apply based on size and hair length.

By acknowledging this protocol, you understand and agree to the treatments and associated costs outlined above.

Thank you for your trust in us to care for your beloved pet.

Warm regards,

Glacier K9
